

Refund and credit notice for February severe weather impacts:

Due to severe weather impacts this month, Seattle Parks and Recreation (SPR) limited operations at most facilities and canceled many scheduled activities, programs, and rentals.

- For canceled programs or activities, sites may choose to offer a makeup day(s), or provide a refund or credit for days canceled.
- Rentals that did not occur will be canceled without penalty or, if the customer desires, rescheduled for an available day/time.
- Refunds for licensed childcare (monthly before- and after-school care) and preschool will be determined at the end of the month based on the total number of offerings canceled.
- Anyone with a valid 30-day FAST pass during SPR's limited operation snow days will be given an extension equal to the number of days that were impacted by cancelations.
- SPR's current refund policy can be found at <http://www.seattle.gov/parks/reserve/refunds-reductions-and-waivers>

For questions or more information, please contact your local recreation center.
